

Pronexus Thanks Front Line Workers

During this unprecedented time, Pronexus would like to express its gratitude for all essential workers: nurses, doctors, grocery store clerks, garbage collectors, truckers, and many more for their dedication and courage.

While we are being told to stay home, and practice social distancing, essential workers are putting their own safety at risk by working on the front lines to keep grocery stores full, cook food, deliver mail, take care of those in need, and keep us safe.

If you know an essential worker, please take time to send them a message to thank them for their vital work.
